### MT. VERNON HIGH SCHOOL ATHLETIC CODE OF CONDUCT

#### A. RULES AND REGULATIONS

**The specific rules and regulations governing our Athletic Department are consistent with the policies of the Indiana High School Athletic Association, the Mt. Vernon Community School Board, and Mt. Vernon High School.**

**The Mt. Vernon High School Athletic Code is in effect twenty-four (24) hours a day, twelve (12) months a year. Furthermore, violations of the code are cumulative from season to season and year to year throughout the athlete's high school career.**

#### B. PHILOSOPHY

**Participation in school athletics is a privilege, which carries with it varying degrees of honor, responsibility, and sacrifice. Mt. Vernon High School athletes are**

representing Mt. Vernon High School and the school community. Since the athletes represent their school and student body, it is their duty to conduct themselves in a manner that is healthy and positive for themselves, their family, their school, and their community. Therefore, athletes are expected to represent the school well and within the rules established by the school athletic council and the IHSAA. Our code, like that of any other school, is intended to serve as a deterrent to unacceptable student behavior. However, it is extremely important that our code provides avenues for obtaining help in an attempt to modify student behavior when deemed necessary.

An athlete's conduct in and out of school shall be such as not to reflect discredit upon their school or not to create a disruptive influence on the discipline, good order, nor the moral or educational environment in the school. It is recognized the Principal, by the administrative authority vested in that office, may exclude such contestants from representing their school.

**C. APPLICABLE TO:**

This code shall apply to all students connected to the athletic program of Mt. Vernon High School and shall govern inclusively all athletes, managers, trainers, and cheerleaders. The participants shall be considered in violation of the code if they use, consume, or possess alcoholic beverages, tobacco products, or illicit controlled substances (drugs), as well as commit felonies, vandalism, theft, acts of disrespect, hazing, or actions unbecoming an athlete.

**D. TRAINING RULES/DISCIPLINARY ACTIONS**

The Athletic Department of Mt. Vernon High School delegates the responsibility of developing a reasonable set of training rules for participants to the coach. Two important considerations are made when making these rules:

1. Rules may not be in conflict with policies of Mt. Vernon High School or other Athletic Department policies.
2. All rules should be discussed with the squad at the first practice session.

**E. ALCOHOL, TOBACCO, AND DRUGS:**

The usage and/or possession of illicit drugs, alcohol, and tobacco in any form will not be permitted. Please be advised that being in attendance at a party or any place where the illegal possession or use of drugs, alcohol, or tobacco occurs may be grounds for suspension. Athletes engaging in the use and/or possession of these substances will be disciplined as follows:

1. **First Violation:** The student shall be excluded from all athletics for 365 days (one calendar year) from the day that the violation is confirmed as fact.
  - a. **Rehabilitation-** The student may reduce the penalty to 50% of the

contests in each sport the student participates in for 365 days (one calendar year) by submitting to a substance abuse program of assessment, counseling, screening, and/or indicated therapy. The program must have been approved by the high school administration and may include a recommendation for parent or guardian participation. The cost of the program is the responsibility of the student and/or his or her parents or guardians. The student will serve the remainder of the entire 365-day suspension if the Athletic Director is notified that the student has violated any of the stated conditions of the substance abuse program.

- b. **Community Service-** The total penalty will be reduced to 25% of the contests in each sport the student participates in for 365 days (one calendar year) if: 1) the student completes 50 hours of community service and 2) the student submits to a substance abuse program as described above. The community service must be performed at Mt. Vernon High School and must be approved and overseen by the Athletic Director.
- c. **Self-reporting-** The total penalty will be reduced to 10% of the contests in each sport the student participates in for 365 days (one calendar year) if: 1) the student or the student's parents or guardians report the violation to the Athletic Director or a head coach prior to the independent confirmation of a violation by the school and prior to the presence of a law enforcement person and any involvement or action by a law enforcement agency or law enforcement person, 2) the student submits to a substance abuse program as described above and 3) completes the community service requirement described above.

**2. Second Violation within 365 Days:**

- a. The student will be suspended from all athletic participation for 365 days (one calendar year) from the day that the second violation is confirmed as fact.

This policy includes the use of alcohol, drugs, and tobacco when not on school grounds. The use of these substances on school grounds will be handled by the school administration and will generally result in expulsion, which may result in the student forfeiting his or her privilege to participate in athletics at Mt. Vernon High School for the remainder of the athlete's high school career.

**F. FELONIES, MISDEMEANORS, VANDALISM, THEFT, ACTS OF DISRESPECT, HAZING, AND ACTIONS UNBECOMING AN ATHLETE**

**Maximum Penalty-** Exclusion from athletics for 365 days (one calendar year) from the day that the violation is determined. The penalty is to be determined by the Athletic Director. Any student arrested or detained as a juvenile on such a charge may be suspended from any participation pending investigation of the incident.

## **G. HAZING**

- 1. Hazing will not be tolerated under any circumstances.**
- 2. Definition- Hazing is any humiliating or dangerous activity expected of someone to join or remain a member of a group, regardless of that person's willingness to participate.**

**Permission, consent, or assumption of risk by an individual subjected to hazing does not lessen the prohibition contained in this policy, and the implied or expressed consent of a person or persons to hazing shall not be a defense to discipline under this policy.**

- 3. Reporting Requirement- School personnel, including lay coaches and volunteer coaches, who become aware of hazing shall report such incidents immediately to the principal or athletic director so that the incident can be promptly investigated and so that appropriate action can be taken.**

**School personnel who become aware of hazing and fail to report it to the principal or athletic director may be subject to appropriate disciplinary action.**

**Students who observe hazing and fail to report the hazing to school officials may face disciplinary action for conspiring to engage in hazing.**

- 4. Investigation- School officials will examine the totality of the circumstances in determining whether a particular activity constitutes hazing and warrants discipline under this policy. As a general test, students and school officials should consider the following questions in determining whether an activity could be prohibited under this policy.**

**Is the activity an educational experience?**

**Does the activity promote or conform to the values of the school?**

**Will the activity increase the respect for the school and the individuals participating?**

**Do current and new or perspective members participate together equally in the activity?**

**Would students be willing to allow parents, community members, school officials, or the press to witness the activity?**

**Would students and/or faculty be able to defend the activity in a court of law?**

**Does the activity have value in and of itself?**

**Is the activity illegal?**

## **H. VIOLATIONS OF SCHOOL RULES**

**Penalty- Students may not compete, practice, or participate in any way with an athletic team during a suspension from school. Less serious violations are to be handled by the head coach.**

## **I. PROBATION**

**Any student who violates any provision of this policy shall be considered to be on probation for a period of 365 days (one calendar year) from the day that the violation is confirmed. A second or subsequent violation of any training rule (not already covered above) while on probation may result in the student being excluded from all athletics for 365 days from the day that the second or subsequent violation is confirmed. The Athletic Director shall determine the penalty for a second or subsequent violation of this policy while on probation.**

## **J. STATUTE OF LIMITATIONS**

**Violations that are reported to the Athletic Office more than 365 days (one calendar year) after they occur will not be considered for disciplinary action.**

## **K. APPEAL PROCESS**

- 1. Anyone wishing to request an appeal should notify the high school principal in writing within seven calendar days of the date the student is notified of the suspension. The right of appeal is forfeited if not requested within this seven-day limit.**
- 2. If an appeal is requested, the principal will conduct a hearing with the athlete, the athlete's parents, and the athletic director. The purpose of the appeal hearing is to inquire into the athlete's violation and to allow the athlete and parents or guardians to present evidence on the student's behalf. The principal shall make a final determination in regards to whether the Athletic Code was properly applied to the violation.**

## **L. REINSTATEMENT**

**Any athlete who has received a career suspension may apply for reinstatement after serving a suspension of 365 days (one calendar year). The athletic director and the principal will conduct a hearing to determine whether the athlete should be reinstated and allowed to participate in athletics at Mt. Vernon High School. The principal and the athletic director may reinstate the athlete with no restrictions or conditions, reinstate the athlete with certain specified conditions that must be met prior to being allowed to participate and/or while the athlete is participating, or reject the application for reinstatement. This process has no legal implications or requirements.**

**M. END OF SEASON**

- 1. Athletes are responsible for turning in their equipment and uniforms after the completion of their seasons. Failure to do so will result in the loss of credit for the season in which they did not return equipment or uniforms. Athletes are financially responsible for any equipment or uniforms not turned in or damaged beyond what normal use would cause.**

The Emergency Medical Card must be in the possession of the coach before an athlete is allowed to practice or participate in contests.**
- 2. Mt. Vernon High School does not provide insurance for athletic participants. However, the Indiana High School Athletic Association provides catastrophic insurance coverage. The IHSAA policy provides coverage in the case of a covered athletic injury for expenses from \$25,000 to \$1,000,000. Certain restrictions and requirements apply to this insurance coverage. Copies of the policy are available from the office of the IHSAA. It is the responsibility of the parents or guardians to fully cover expenses from zero to \$25,000 in the event of an injury to an athlete. Each athlete must have an athletic insurance form signed by a parent or guardian and on file on the Athletic Office before the athlete is allowed to practice or participate in any contests.**

This policy includes students enrolled in Interdisciplinary Cooperative Education (ICE). Any student who does not fulfill his/her ICE job duties during a given day may not participate in a contest or practice on the same day. The IHSAA will again sponsor an insurance plan that will help protect the athlete, his or her parents, and the school. The IHSAA insurance plan is for each athlete and will cover the athlete in the case of an athletic injury from \$25,000 to \$1,000,000. This leaves from zero to \$25,000 uncovered in this plan. This coverage is free to all athletes of IHSAA member schools. Each player and his or her parent or guardian must complete this form and return it to their coach before they will be allowed to participate in practices or contests. It is understood that it will be the parent's or guardian's responsibility to accept full financial expenses coming from athletic injuries that are not covered by the IHSAA plan, (zero to \$25,000).
